B.H.M.S. ACADEMIC PERFORMANCE & RESULT ANALYSIS

1. Executive Summary & Insights

This comprehensive analytical document presents the academic performance of students at ASR Homoeopathic Medical College & Hospital over successive examination cycles leading up to October 2025. The data compiles student progression, overall pass percentages, academic excellence (First Class achievements), and outstanding university rankings across the B.H.M.S (Bachelor of Homoeopathic Medicine and Surgery) cohorts.

Key Institutional Metrics & Insights:

- **Consistently High Passing Standards:** The institution has maintained an exceptionally high passing standard across all academic years, ranging from a strong 92.00% minimum to multiple clean-sweep performances achieving a 100.00% pass rate (notably III BHMS 2020 Batch and III BHMS 2019 Batch).
- **Exceptional University Standings:** Students regularly secure elite university ranks (spanning Ranks 1 to 11). For instance, the 2019 Batch in their final year secured a remarkable block of top ranks (1, 4, 6, 7, 9, 10), showcasing outstanding academic competitive quality.
- **High Density of First-Class Achievements:** In multiple cohorts, nearly 30% of the appearing students achieved a First Class degree or University Distinction, which indicates a robust educational delivery system and dedicated academic mentorship.

2. Consolidated B.H.M.S Result

The table below presents a cleaned, chronologically mapped, and standardized dataset compiled from raw examination listings. Standard metrics like failure counts have been mathematically reconciled where they were omitted in the raw logs.
